Re: Summer Work (Preparation for Calculus Course)

Dear Students in My A.H. Calculus Class,

The following is your assignment that needs to be completed prior to the start of the 2021-2022 school year.

- 1.) CH. R.1 P. 10 - P. 12 (1-45) Every Other Odd (E.O.O.)
- 2.) CH. R.2 P. 21 - P. 23 (1-53) E.O.O.
- 3.) CH R.3 P. 31 - P. 32 (1-53) E.O.O.
- 4.) CH R.4 P. 44 (1-61) E.O.O.
- 5.) CH R.5 P. 64 (1-81) E.O.O.
- 6.) CH R.6 P. 75 (1-21) E.O.O.

This entire assignment must be done in a very neat and orderly fashion. Each assignment must start with the section(ex: CH. R.1) and pages so I can identify each of your assignments.

The answers are found in the back of your text that you will be purchasing in the Spring/Summer before September. [IF THERE IS A DELAY IN GETTING YOUR TEXT BOOK, THEN PLEASE CONTACT ME SO THAT I CAN SEND YOU PDF FILES OF THE BOOK PAGES OF THIS FIRST CHAPTER.]

Contact me at hclough@NDA-worc.org if you have any questions over the summer.

Please do not procrastinate doing these assignments. I will be checking in on you during the summer months and ask for a progress report periodically. **We will visit in GOOGLE CLASSROOM occasionally so I can find out where you are and answer questions in math, etc.**

This Summer assignment will count as **SIX(6)** assignments to start the year. This amounts to about 1/3 of your homework grade in the first quarter.

Sincerely,

Mr.

Clough
