Re: Summer Work (Preparation for Calculus Course)

Dear Students in My A.P. Calculus Class,

The following is your assignment that needs to be completed prior to the start of the 2021-2022 school year.

- 1.) CH. 1.1 P. 10 - P. 11 (1-49) Every Other Odd (E.O.O.)
- 2.) CH. 1.2 P. 19 - P. 21 (1-49) E.O.O.
- 3.) CH 1.3 P. 26 - P. 28 (1-45) E.O.O.
- 4.) **CH 1.4 OMIT**
- 5.) CH 1.5 P. 42 – P.43 (1-45) E.O.O.
- 6.) CH 1.6 P. 50 – P. 52 (1-41) E.O.O.
- 7.) Also, Read and Study Pages 58-65 and Do pages 65 – 67 1-49 E.O.O.

This entire assignment must be done in a very neat and orderly fashion. Each assignment must start with the section(ex: CH. 1.1) and pages so I can identify each of your assignments.

The answers are found in the back of your text that you will be purchasing in the Spring/Summer before September. [IF THERE IS A DELAY IN GETTING YOUR TEXT BOOK, THEN PLEASE CONTACT ME SO THAT I CAN SEND YOU PDF FILES OF THE BOOK PAGES OF THIS FIRST CHAPTER.]

Contact me at hclough@NDA-worc.org if you have any questions over the summer.

Please do not procrastinate doing these assignments. I will be checking in on you during the Summer Months and ask for a progress report periodically. **We will visit in GOOGLE CLASSROOM occasionally so I can find out where you are and answer questions in math etc.**

This Summer assignment will count as **SIX(6)** assignments to start the year. This amounts to about 1/3 of your homework grade in the first quarter.

Sincerely,

Mr.

Clough
