Re: Summer Work (Preparation for Calculus Course)

Dear Students in Advanced Honors Pre-Calculus Class,

The following is your assignment that needs to be completed prior to the start of the 2021-2022 school year.

- 1.) CH. 0.1 P. 5 (1- 29) Every Other Odd (E.O.O.)
- 2.) CH. 0.2 P. 8 (1-53) E.O.O. [OMIT # 17]
- 3.) CH 0.3 P. 13 (1-49) E.O.O.
- 4.) CH 0.4 P. 17 (1-33) E.O.O.) [OMIT 29]
- 5.) CH 0.5 P. (1-45) E.O.O.

This entire assignment must be done in a very neat and orderly fashion. Each assignment must start with the section(ex: CH. 0.1) and pages so I can identify each of your assignments.

The answers are found in the back of your text that you will be purchasing in the Spring/Summer before September. [IF THERE IS A DELAY IN GETTING YOUR TEXT BOOK, THEN PLEASE CONTACT ME SO THAT I CAN SEND YOU PDF FILES OF THE BOOK PAGES OF THIS FIRST CHAPTER.]

Contact me at [bnathan@NDA-worc.org](mailto:bnathan@NDA-worc.org) if you have any questions over the summer.

Please do not procrastinate doing these assignments. I will be checking in on you during the Summer Months and ask for a progress report periodically. **We will visit in GOOGLE CLASSROOM occasionally so I can find out where you are and answer questions in math etc.**

This Summer assignment will count as **FIVE(5)** assignments to start the year. This amounts to about 1/3 of your homework grade in the first quarter.

Sincerely,

Mr. Nathan
